

You can change your password by using the following link:

<https://services.c2kni.net/ChangePassword.aspx>

Please note that this link only works when outside the school network

There are three rules you must follow for a new Password:

1. The password must be at least 8 characters long.
2. The password should begin with a capital letter and all the other letters should be small.
3. The password must end with a number. (1 is best, because every three months the system forces you to change your password. When that time comes, you can keep the same password, but change the number to 2.)
